
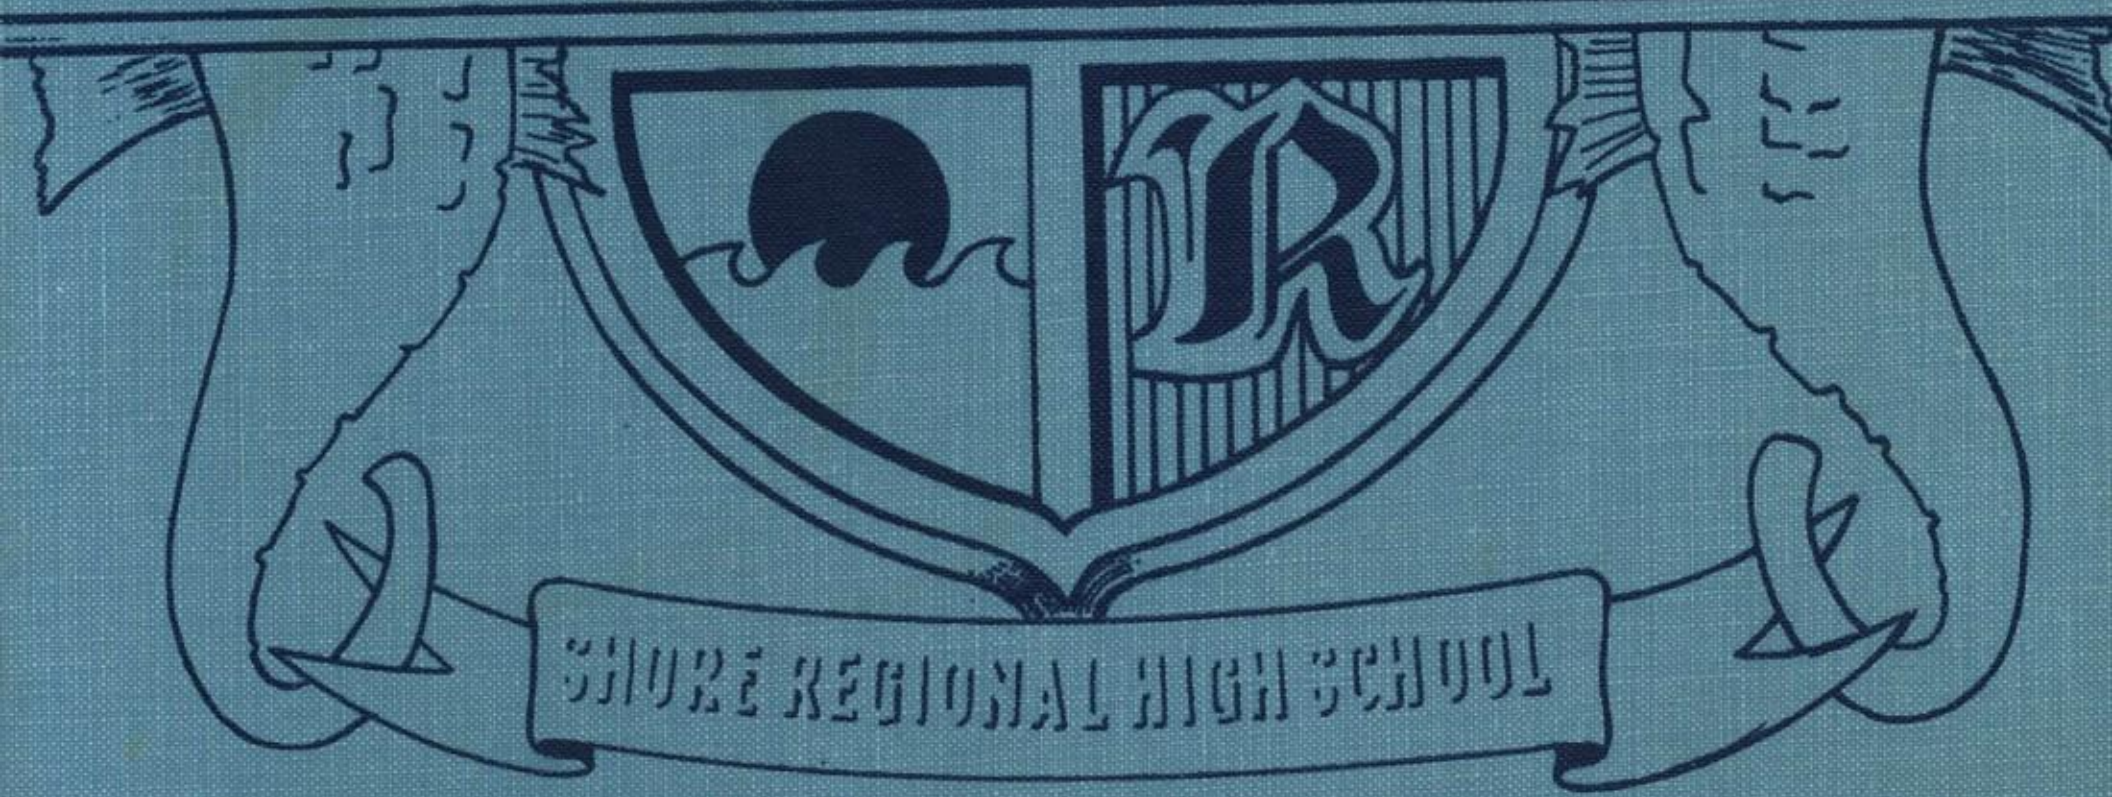
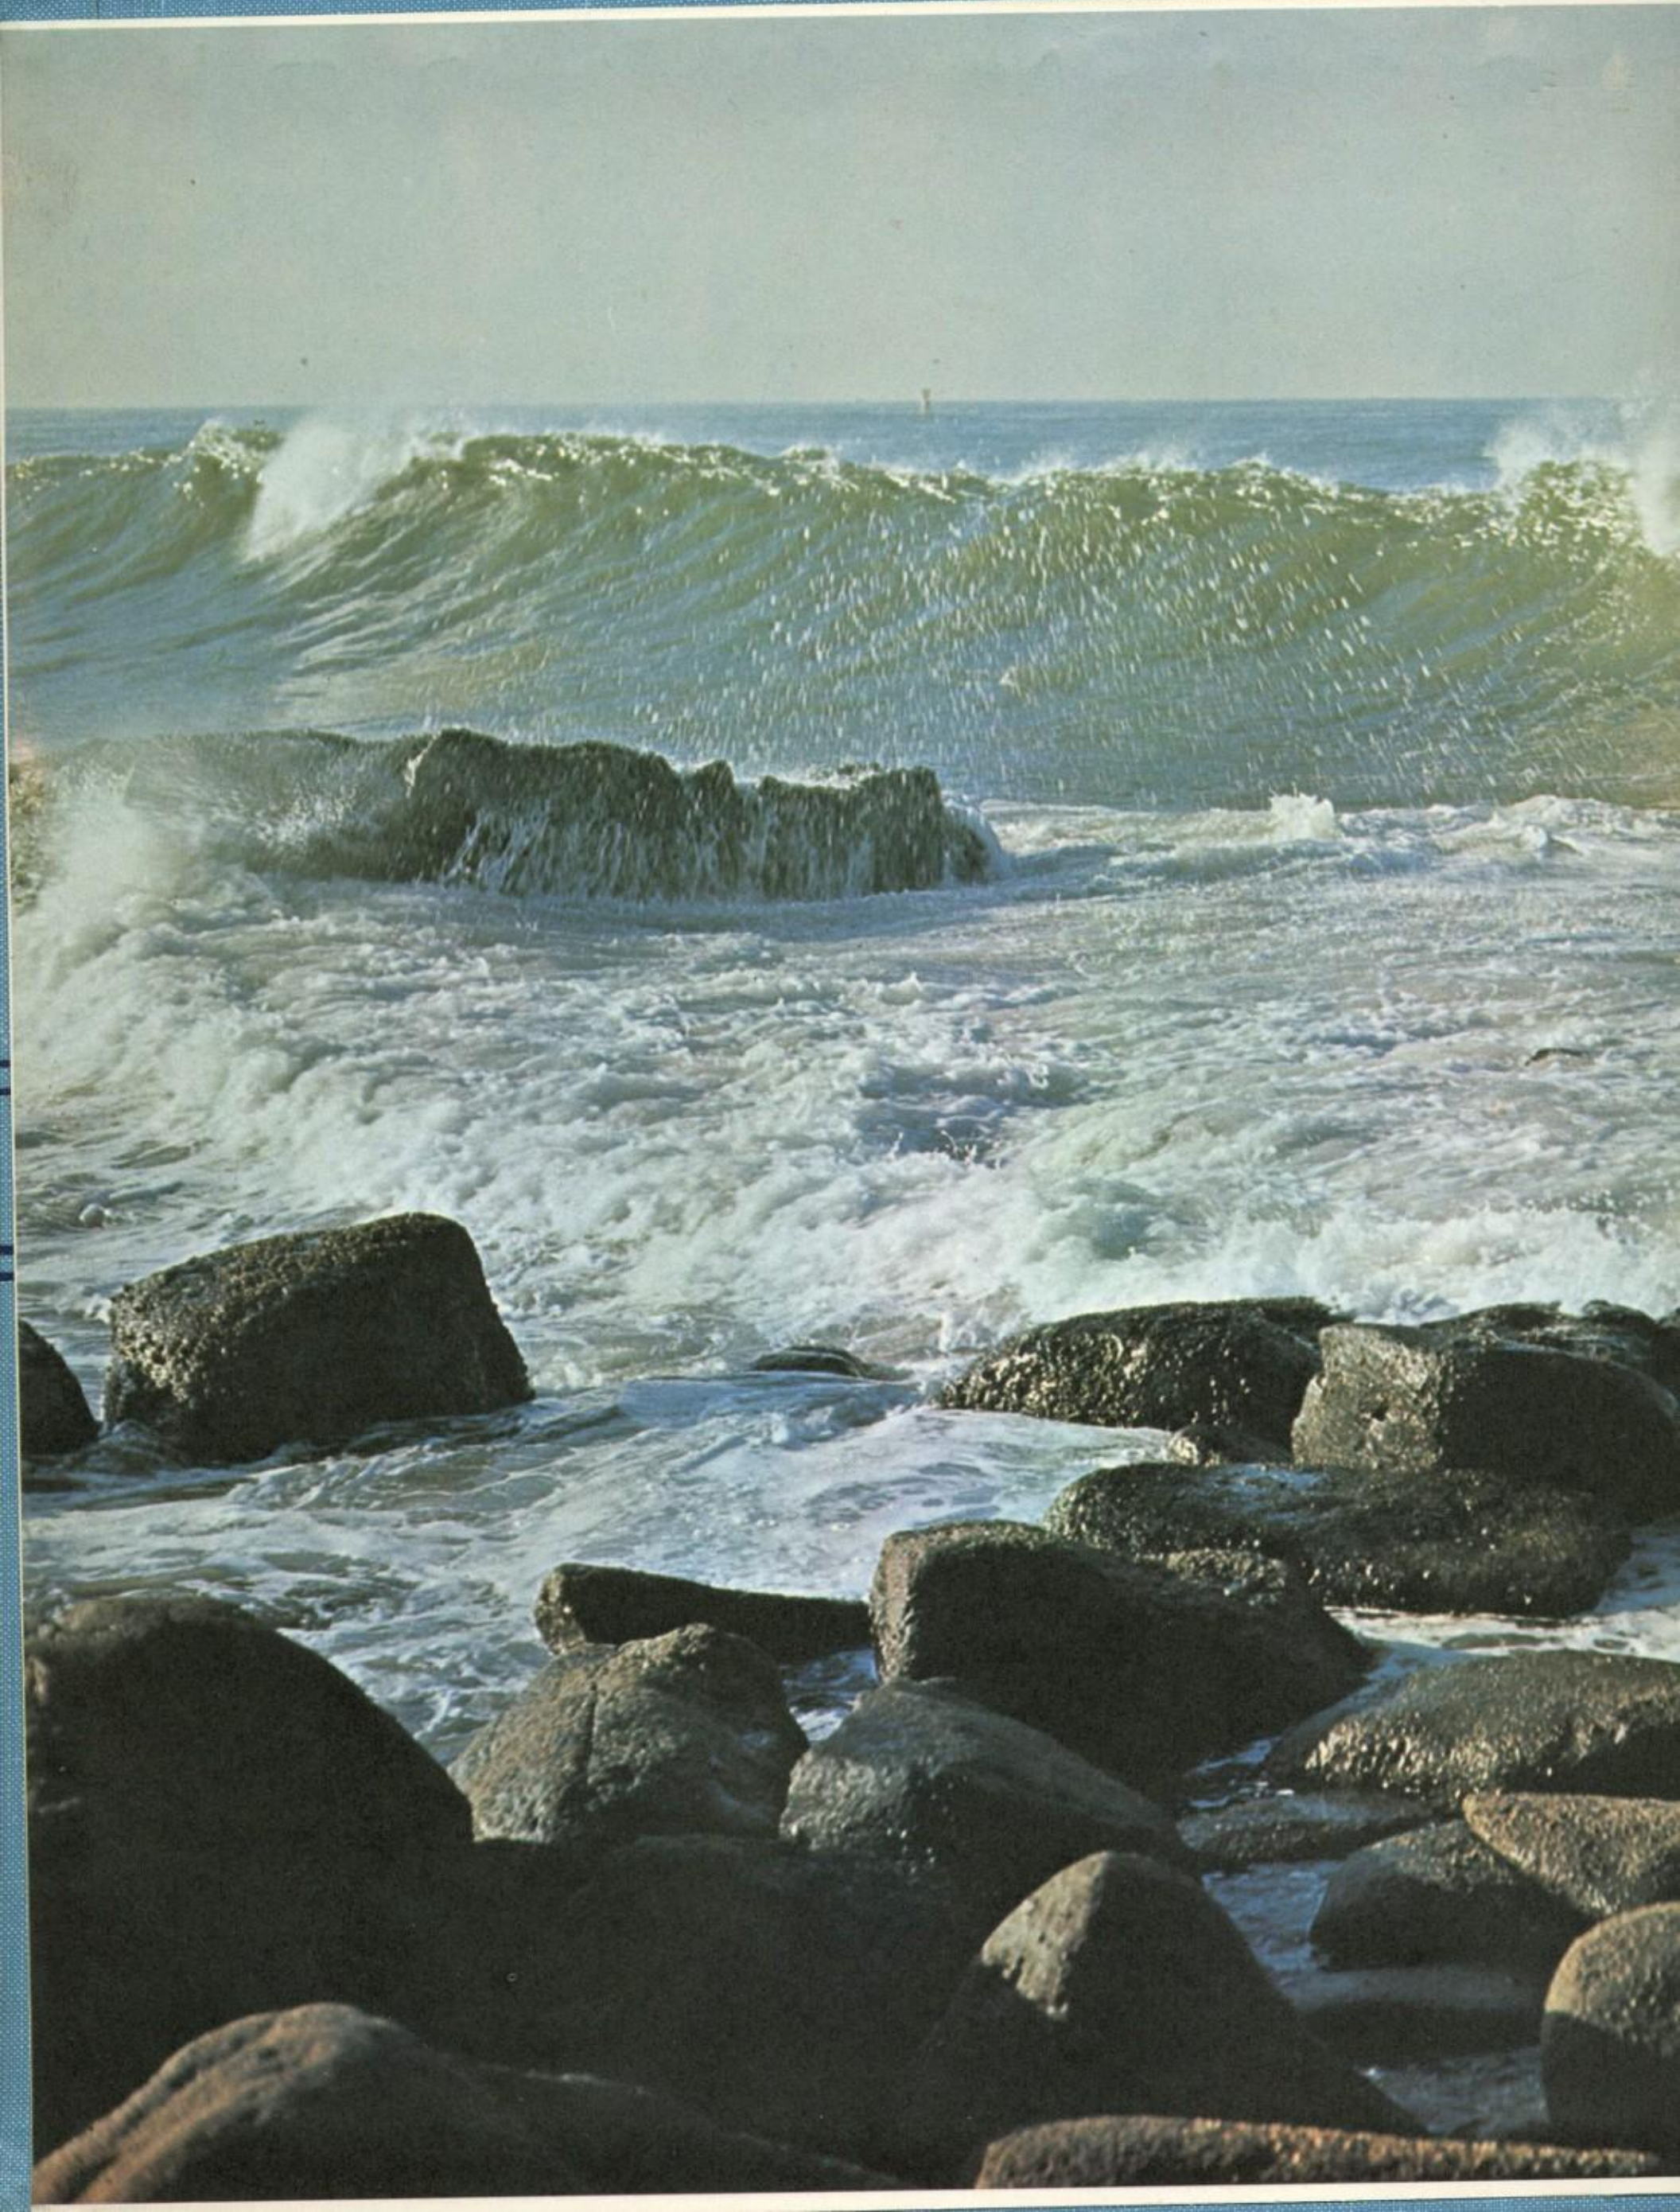
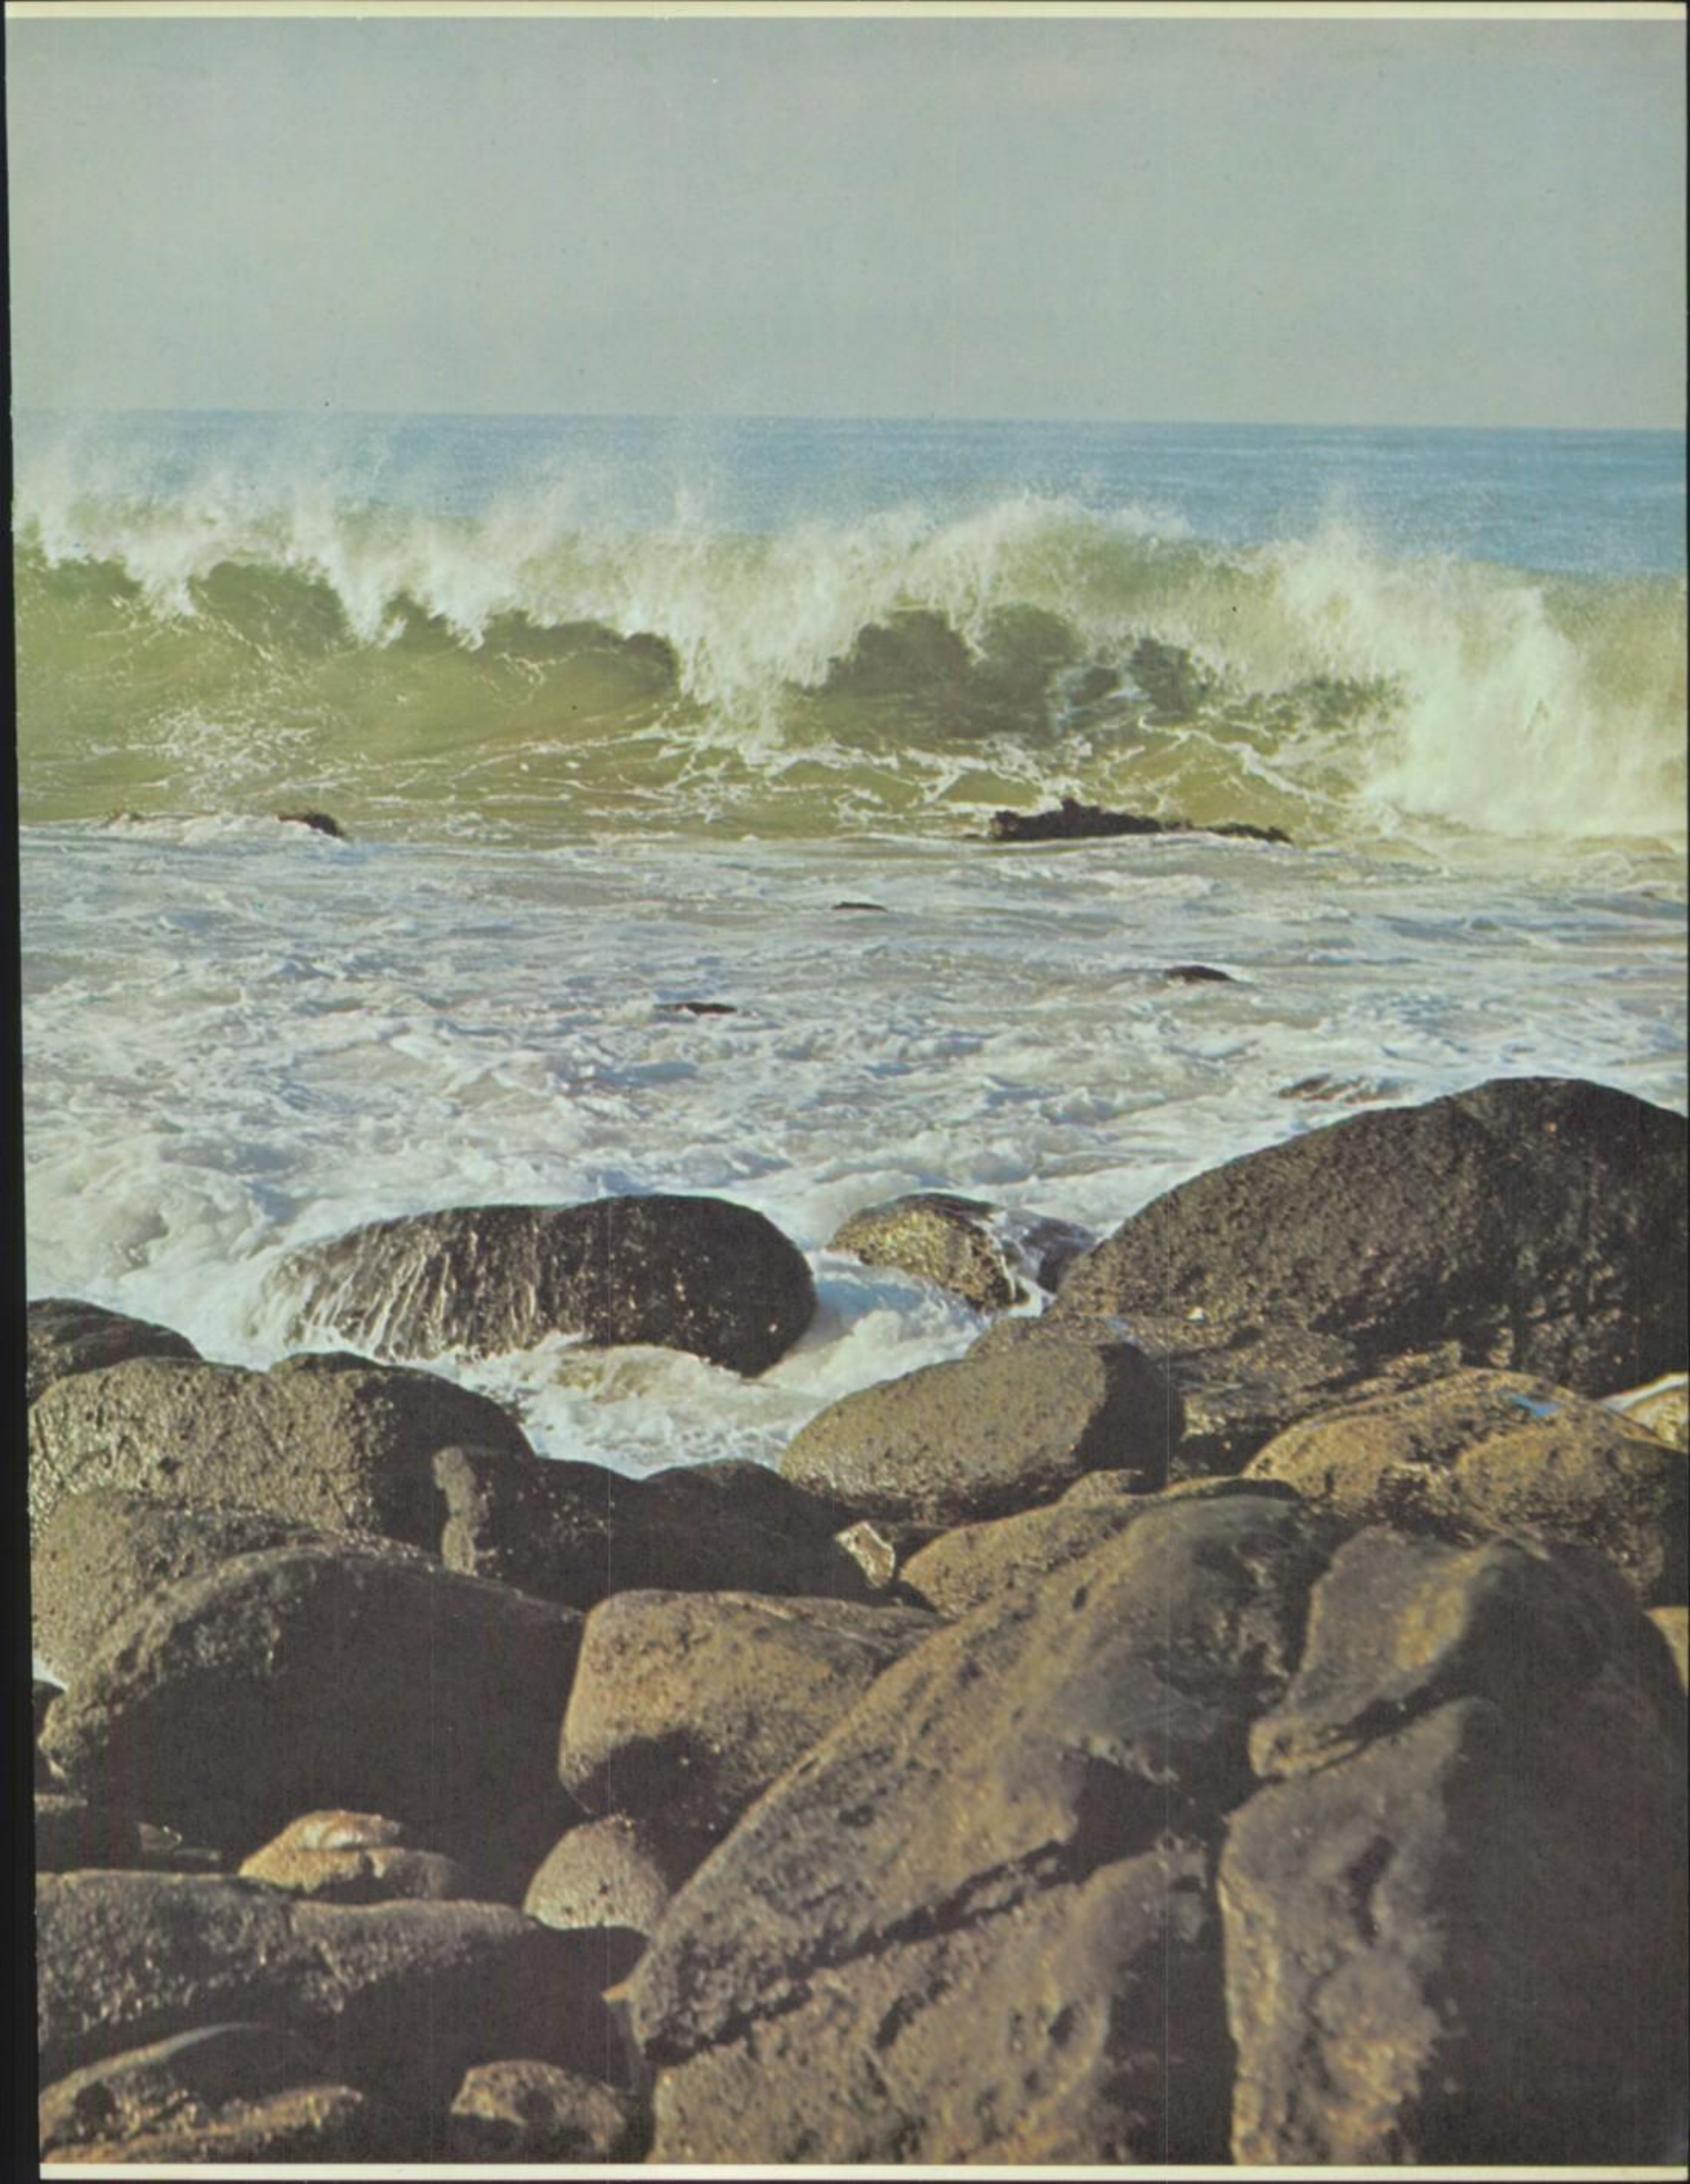
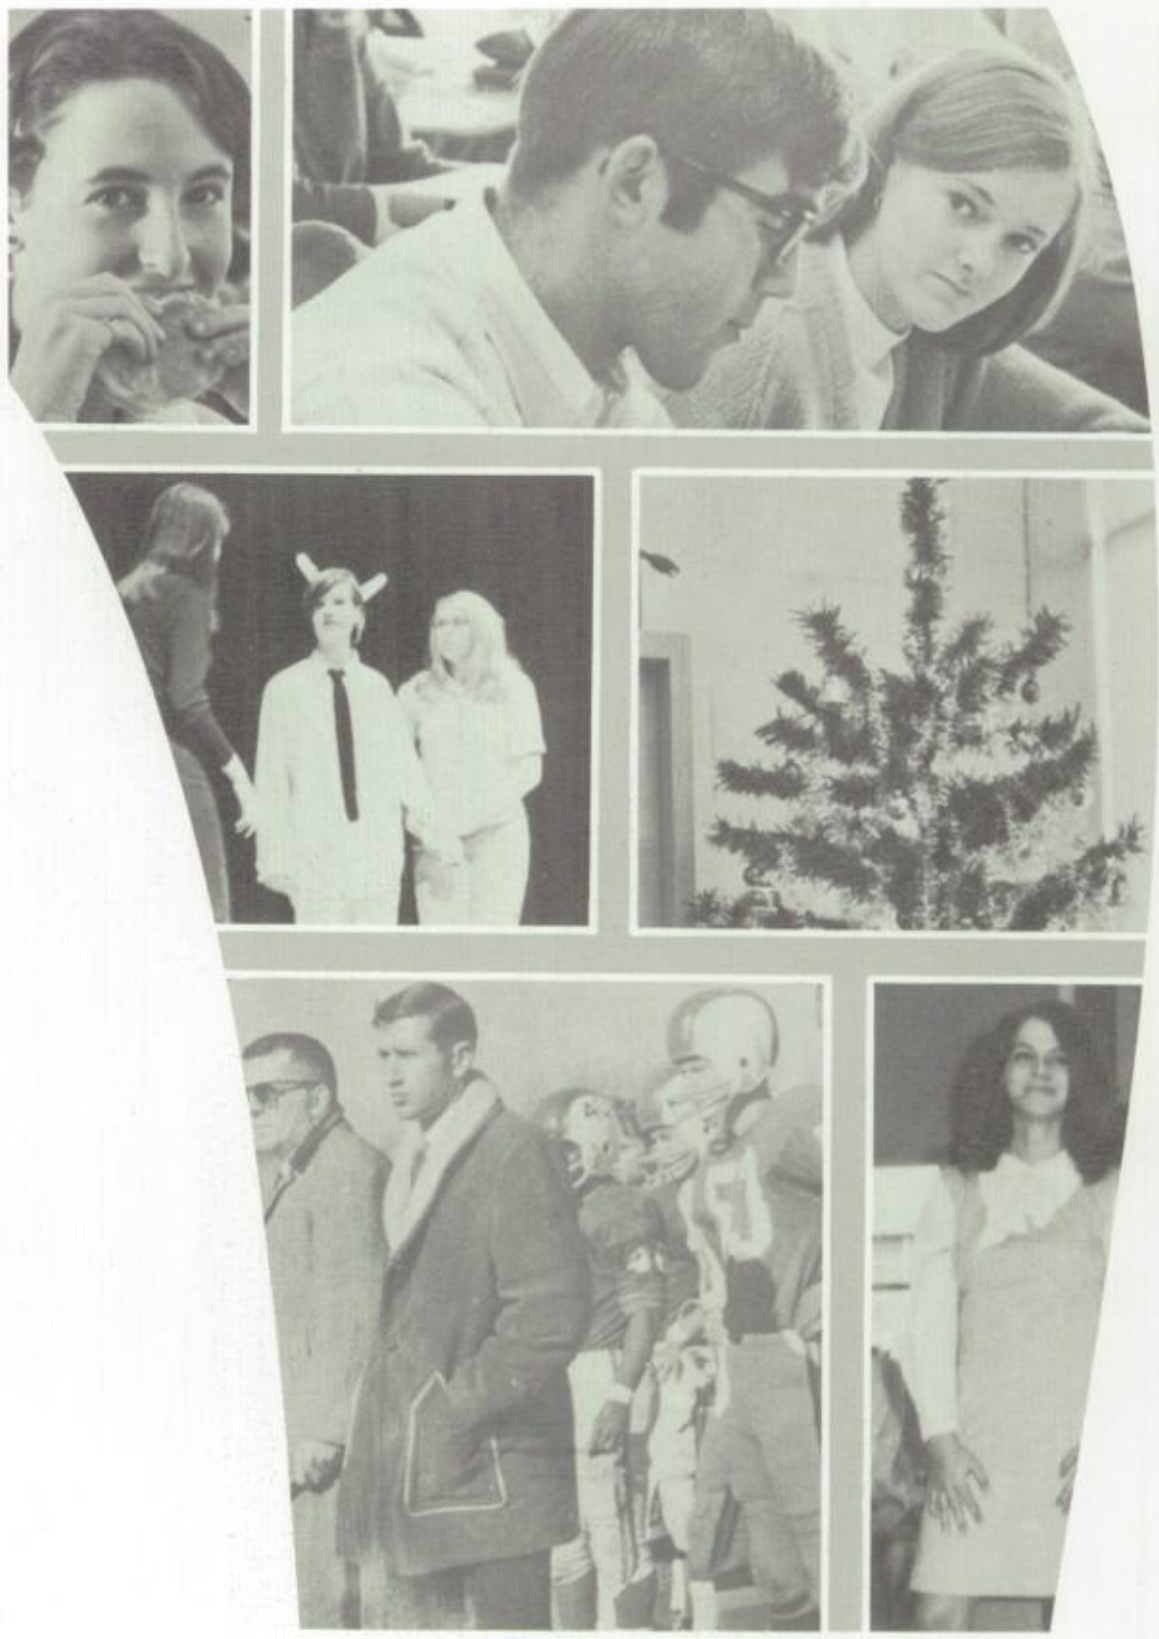
VOYAGER 68







VOYAGER



Foreword . . .

Shore Regional is four years of academic training and a diploma for the graduating senior. But this is only what Shore Regional offers, not what it represents. Shore Regional has been many things to her students in the past and will continue to be many more in the future. The 1968 VOYAGER is not concerned, however, with the past or the future. An attempt is made to define Shore Regional--not as an alumnus would remember it, nor as a prospective student would visualize it, but as it is seen now through the eyes of a member of the class of '68.

As we moved within the walls of Shore Regional, we expereinced an "INTRODUCTION" to a different way of life. Shore soon became more than just a school to us. We experienced an "INVOLVEMENT" in an institution where we passed four of the most important years of of our lives. At the same time we discovered our "IDENTITY". We expressed our individuality in many different ways and in many different places: at meetings, on the stage, in sports. Each of us had now developed into a more complete person by giving of his abilities.

For us, the class of '68, the experience of Shore Regional has reached its "FULFILLMENT". We leave shore Regional to continue our development as individuals in our own, chosen fields. The VOYAGER can permanently retain some of these experiences, but only you, a member of the class of '68, can keep the memory of what Shore Regional was . . . and is . . .

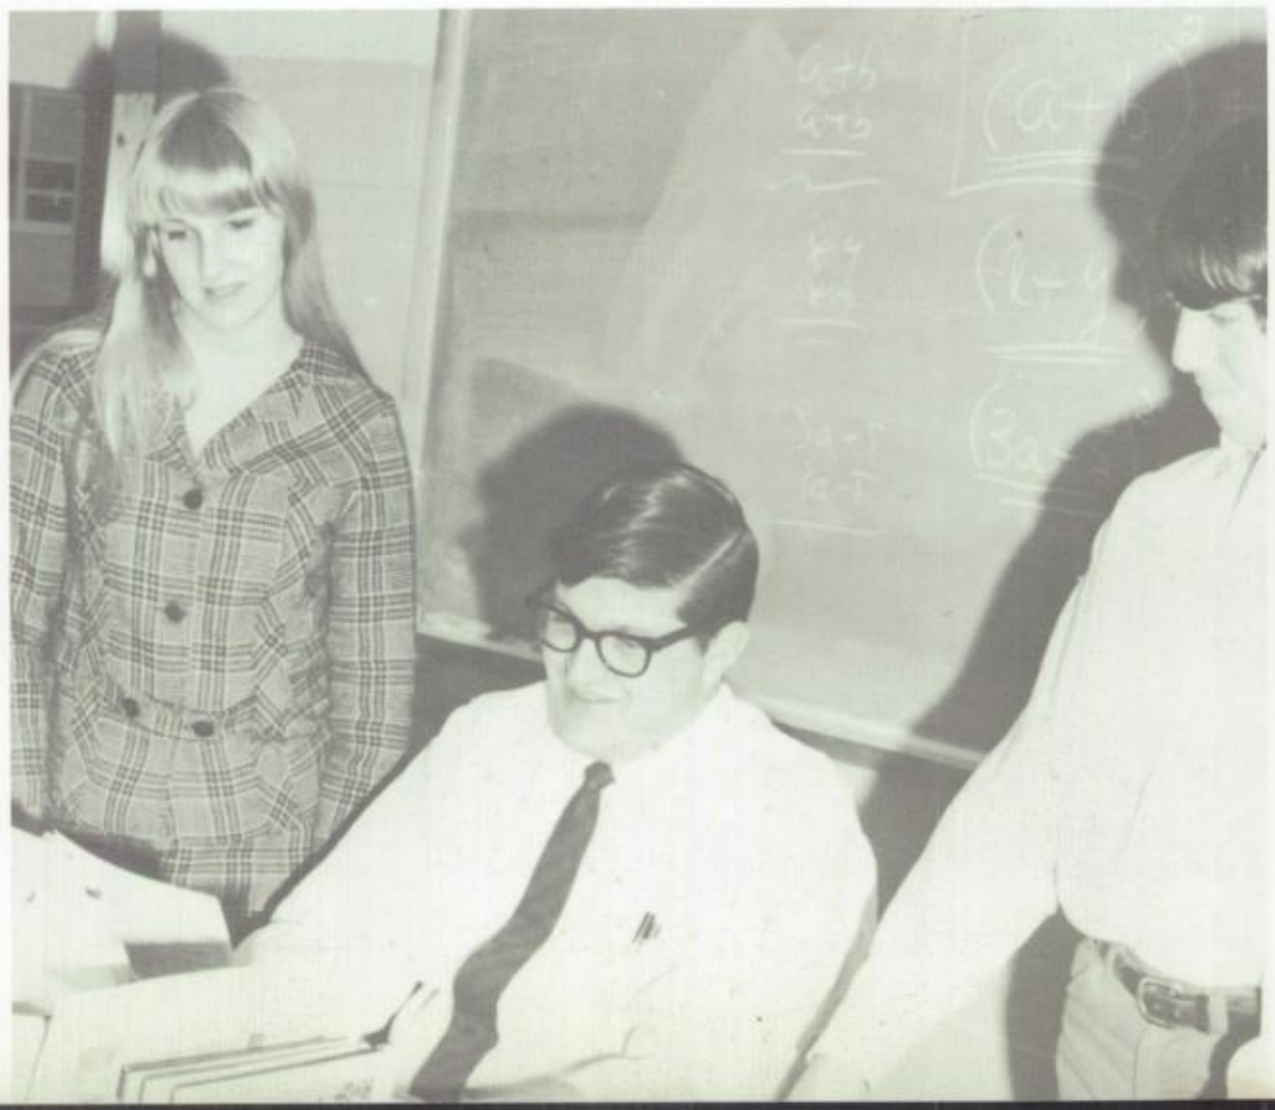
Dedication . . .

Throughout the course of our high school careers, there have been many people who offered their guidance and assistance to the class of '68. Yet there was one man especially on whom we could rely. The class benefitted from its association with him, and he will be remembered for all he has done to make our four years in high school a success. He has done more than just give us guidance and advice, he has also been a true friend. It is for these reasons that we, the Class of '68, dedicate this year-book to Mr. Richard Tewell.



. . . *Dedication*

In every undertaking there is always one person who stays in the background, and who works tirelessly to make the entire production a success. He gives freely of his time and effort; the wisdom and advice he offers are enlightening and he helps to make the going easier for all. His efforts are instrumental in the project's final success, and yet he never shares in the glory. Therefore, we, the Class of '68, wish to express our deep and heartfelt thanks to Mr. Charles Burton and to give him the official recognition he deserves by also dedicating this yearbook to him.

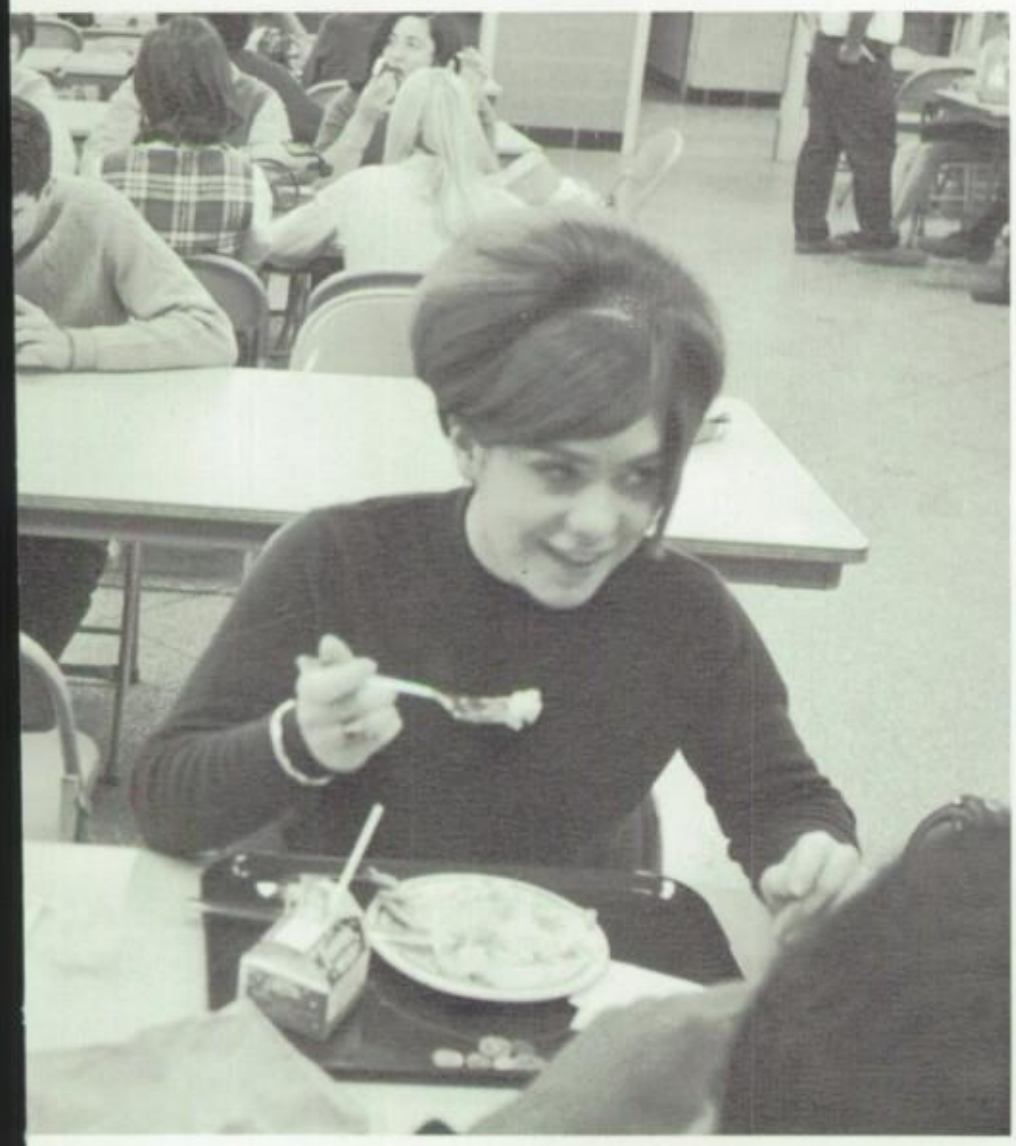
STUDENTS

What professionals?

What do you mean they forgot to cook it?

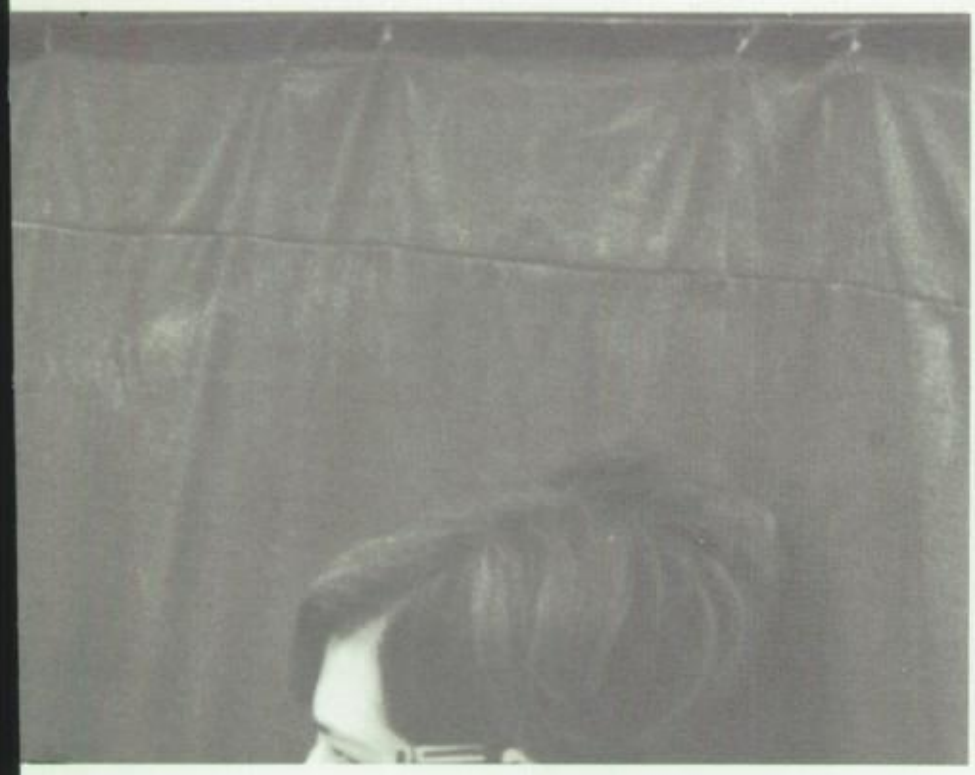


Super G.A.A. queen of the year.

But Mrs. Palumbo, it was only a joke. I didn't think you would really drink it!

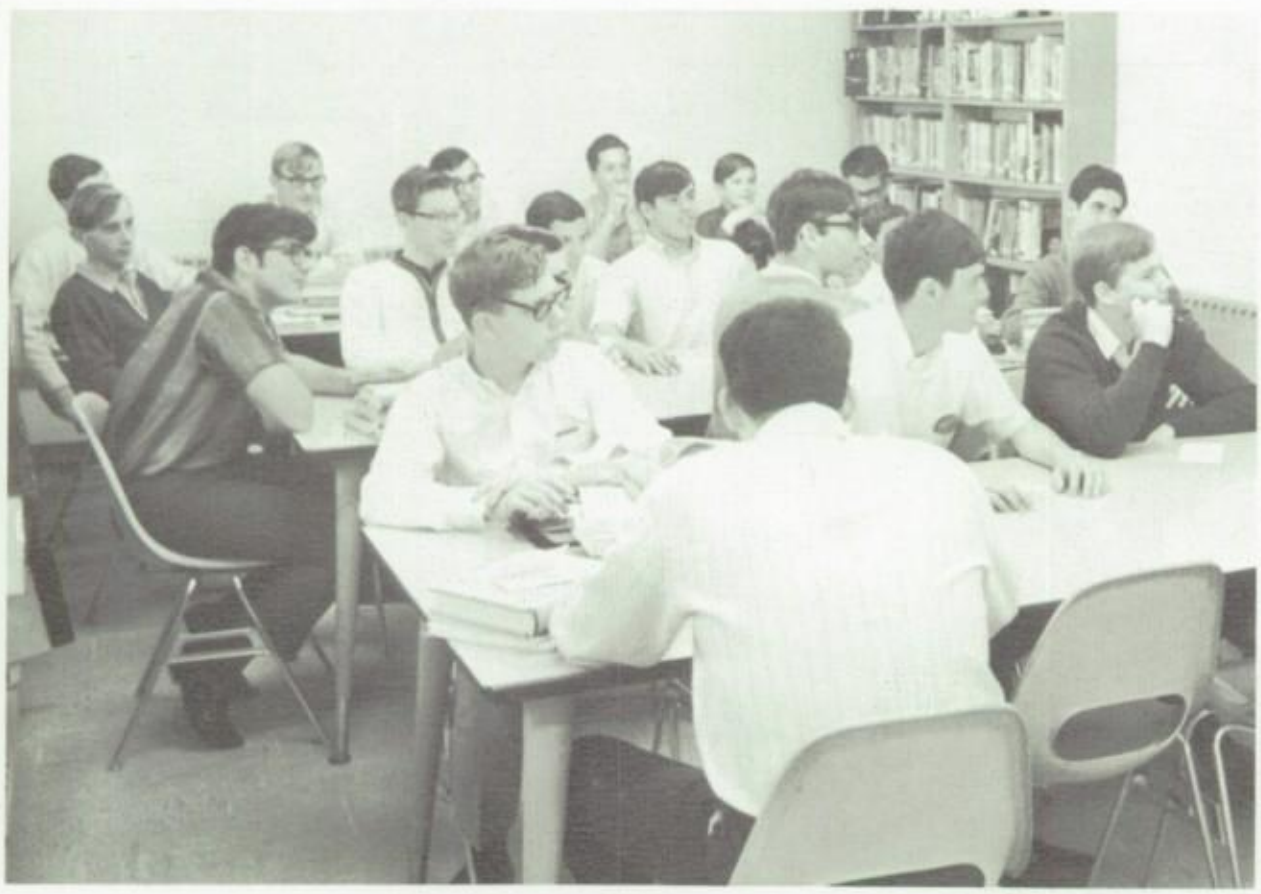
What ever happened to the good old days of dodge ball and hop-scotch?

Benny's flying bike--or it it flying Benny and his bike?

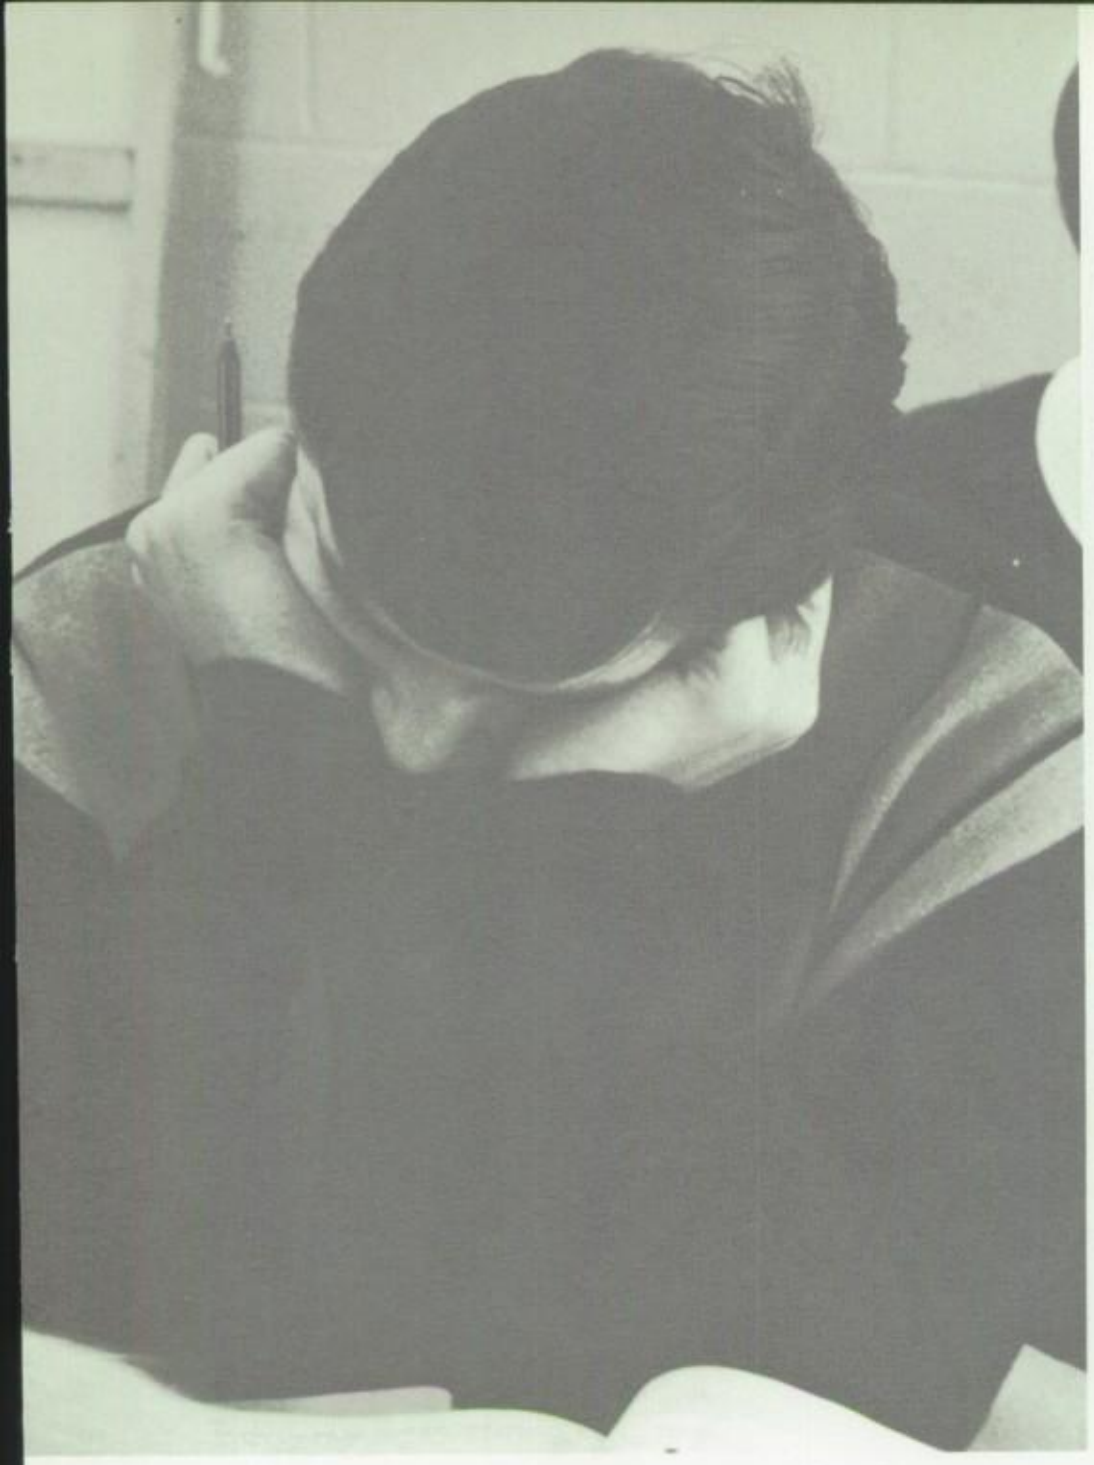


NO COMMENT!

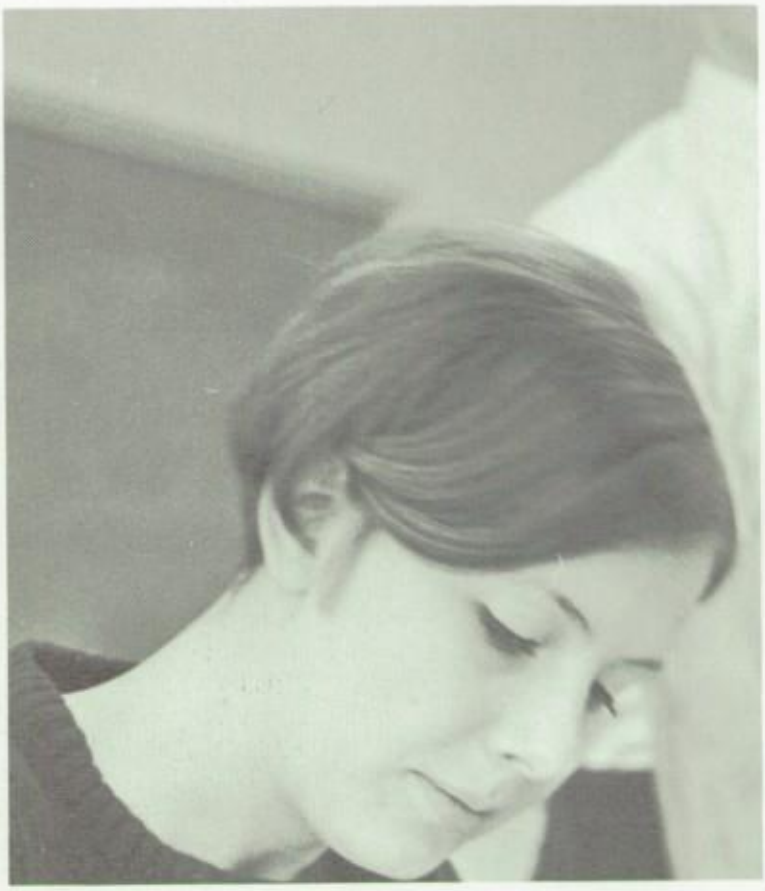
There is nothing better than looking at a clean wall.



UGH! I hate sticky cookies, especially oatmeal.



No pictures, I forgot my make-up!!!



How was I to know that Charles Dickens wasn't an explorer!

I think I'm in love again!

What am I doing here? I should be out playing basketball.

The football season of 1967 was one for rebuilding and anticipation. The anticipation was well rewarded by the largest turnout in the school's history. One hundred and twenty-five candidates reported for practice on September 1st. The chief concern during the early practice was the lack of conditioning done by the boys in the summer months, and completely rebuilding the entire offensive unit. The many minor injuries incurred slowed down the overall progress. The season progressed with many happy surprises, and gave promise of a very successful year.

ADMINISTATION

A Message From Our Superintendent . . .

"The primary purpose of education," wrote James R. Angell, "is not to teach you to earn your bread, but to make every mouthful sweeter."

Knowledge, inspiration, creativity, appreciation of the beautiful and the worthwhile, the understanding of man's place under the sun--these are the fruits of a meaningful education. Through them, Man has raised himself above the level of the beast; through them life is given purpose and direction.

Education is the catalyst of life. It sharpens the senses; it brings meaning and poignancy to every experience; it relieves the monotony of daily drudgery and gives it spice and zest. It helps the individual to answer the questions so often on the lips of today's youth: "Why am I here? Who am I? What can I expect from life?"

It has been said that a person is a composite of the books he has read, the passions and emotions he has felt, the people he has known, the opinions he has formed, the sights and sounds and aromas to which he has fully opened his senses. Life is like a sponge --it will absorb only to the extent that it has been contracted. Education is that sponge.

Elementary and secondary school training is only the first mile in a lengthy road to the full and mature life. It is my hope that each graduate of the Class of 1968 will continue his education in the years to come --through a formal college education, perhaps; or if not, through development of hobbies and interests, through service to his fellow men, through a lifetime of reading, through evening courses or adult education.

If life is to be full and complete, education cannot stop before the grave.

Sincerely,
Elbert M. Hoppenstedt

A Message From Our Principal . . .

Dear Class of 1968:

When you entered Shore Regional in September 1964, you came with attitudes which you developed in elementary school. During Freshmen Orientation you were presented with the student handbook FOR SHORE. In the section of the handbook, "Shore Regional Asks of You," your attention was directed towards attitude. Responsibility, courtesy, good citizenship and sportsmanship were mentioned as being four senses which would help you develop the right attitude. Your graduation from Shore Regional is indicative of your ability to make change and achieve the right attitude.

You are about to embark upon another stage in your personal development and again, you will be influenced by attitude. William James once said, "the greatest discovery of my generation is that human beings can alter their lives by altering their attitudes of mind." Your success in school is evidence that you have been altering the attitudes of your minds.

I now ask you to continue to make such changes in attitude which will bring honor to you and Shore Regional.

Sincerely,
John J. Kolibas

SHORE IS...

SENIORS

The Senior Class Of 1968 . . .

Shore is Seniors, the class of 1968. Four years ago, Shore was Freshmen--eager, excited, and a little apprehensive. Moving quickly into high school life, the class adopted the bugalo, hangin' at the Vel, and short skirts.

The Senior year began in much the same way, but there were constant reminders that this year was the final one. In addition to holding positions of responsibility in school, the Senior was involved in applying to colleges and for jobs. Whether the Senior was excited or reluctant to leave, "1968" completed his years at Shore.

Class Officers--Pres. Reggie Tynes, Vice Pres. Nancy Shultz, Treasurer Joan Gil, Secretaries Maura Maggio, Steph Federici.

Class Executive Board--SEATED: B. Tilly, J. Brousell, G. Sterling STANDING: S. Bray, B. VanBrunt, E. Ott, D. Wright, A. Saltzman, R. Redfield.

FRANK MAYER

In Memoriam

We knew you when your warning smile
Like Golden rays of sunlight through the clouded
pathos of our lives
Spread silver and gold upon the troubled waves
And were lighted by it.

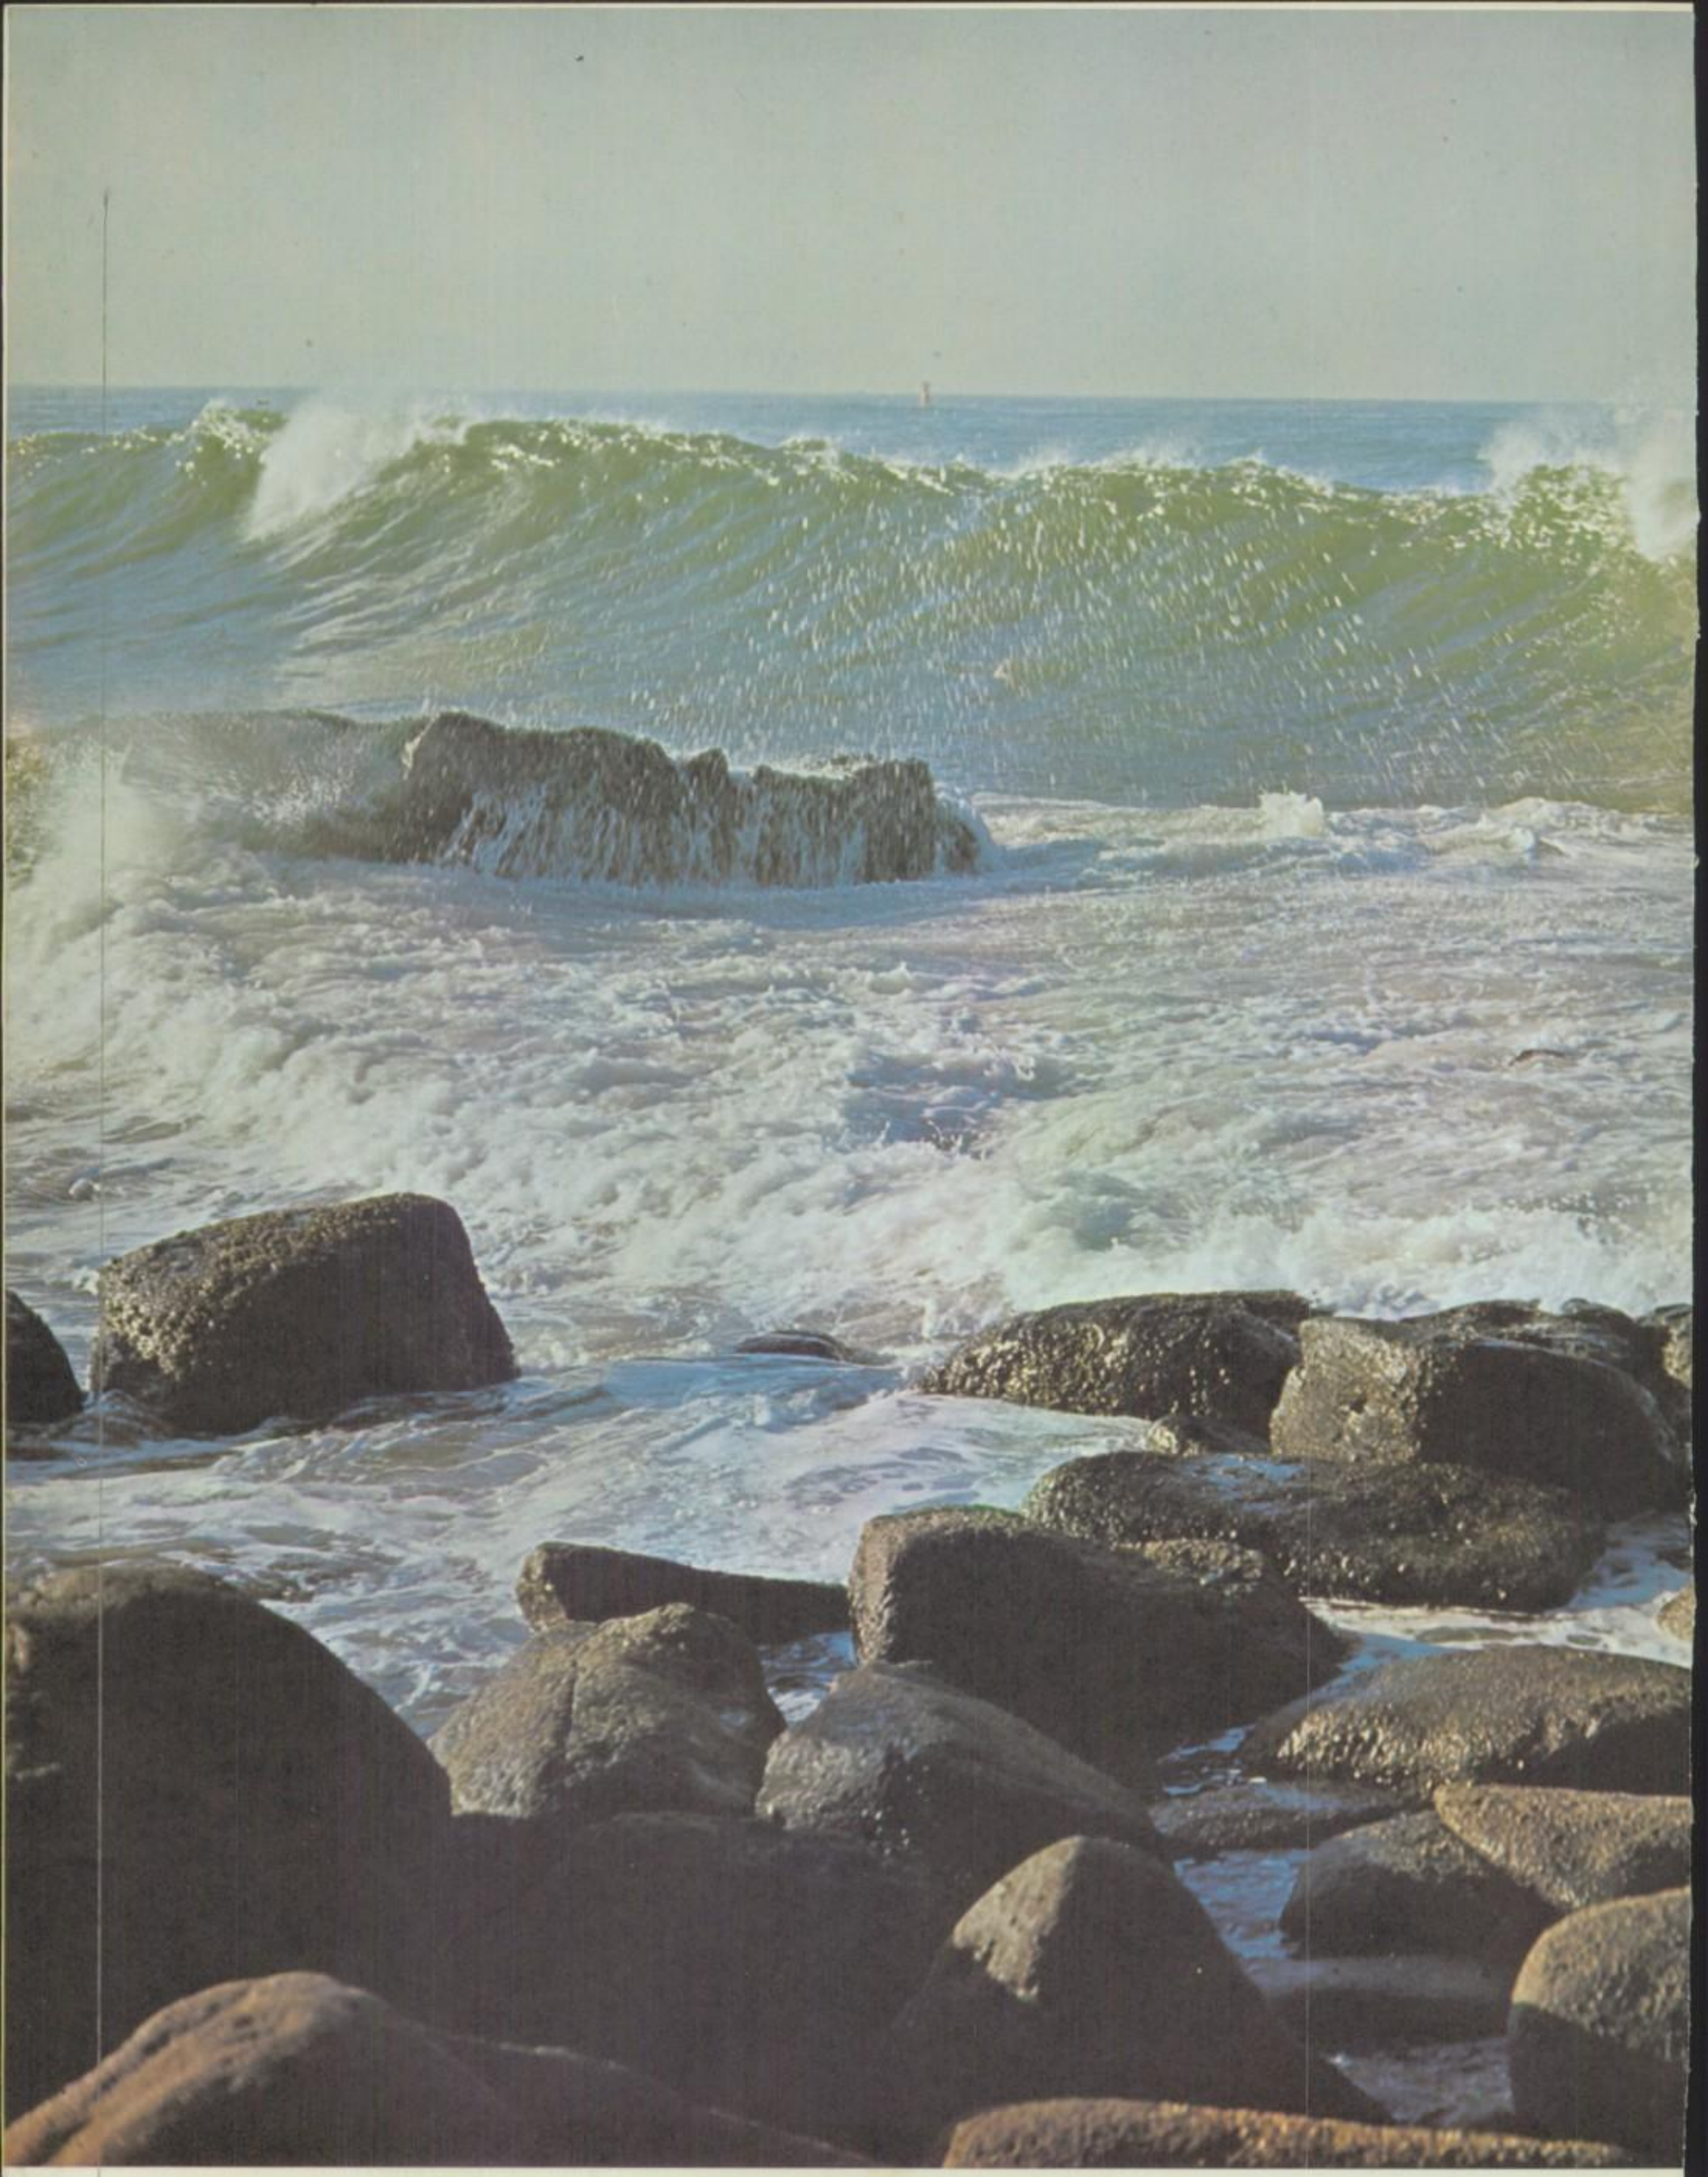
Now that you have gone, you have not gone--
The smile, the happy word, those precious hours with us
Can never sink beneath the deep and silent waters of forgetfulness
Nor, like the echo in some uninhabited canyon,
Reverberate without the touch upon some human ear,
Thus wasted in it's loneliness.

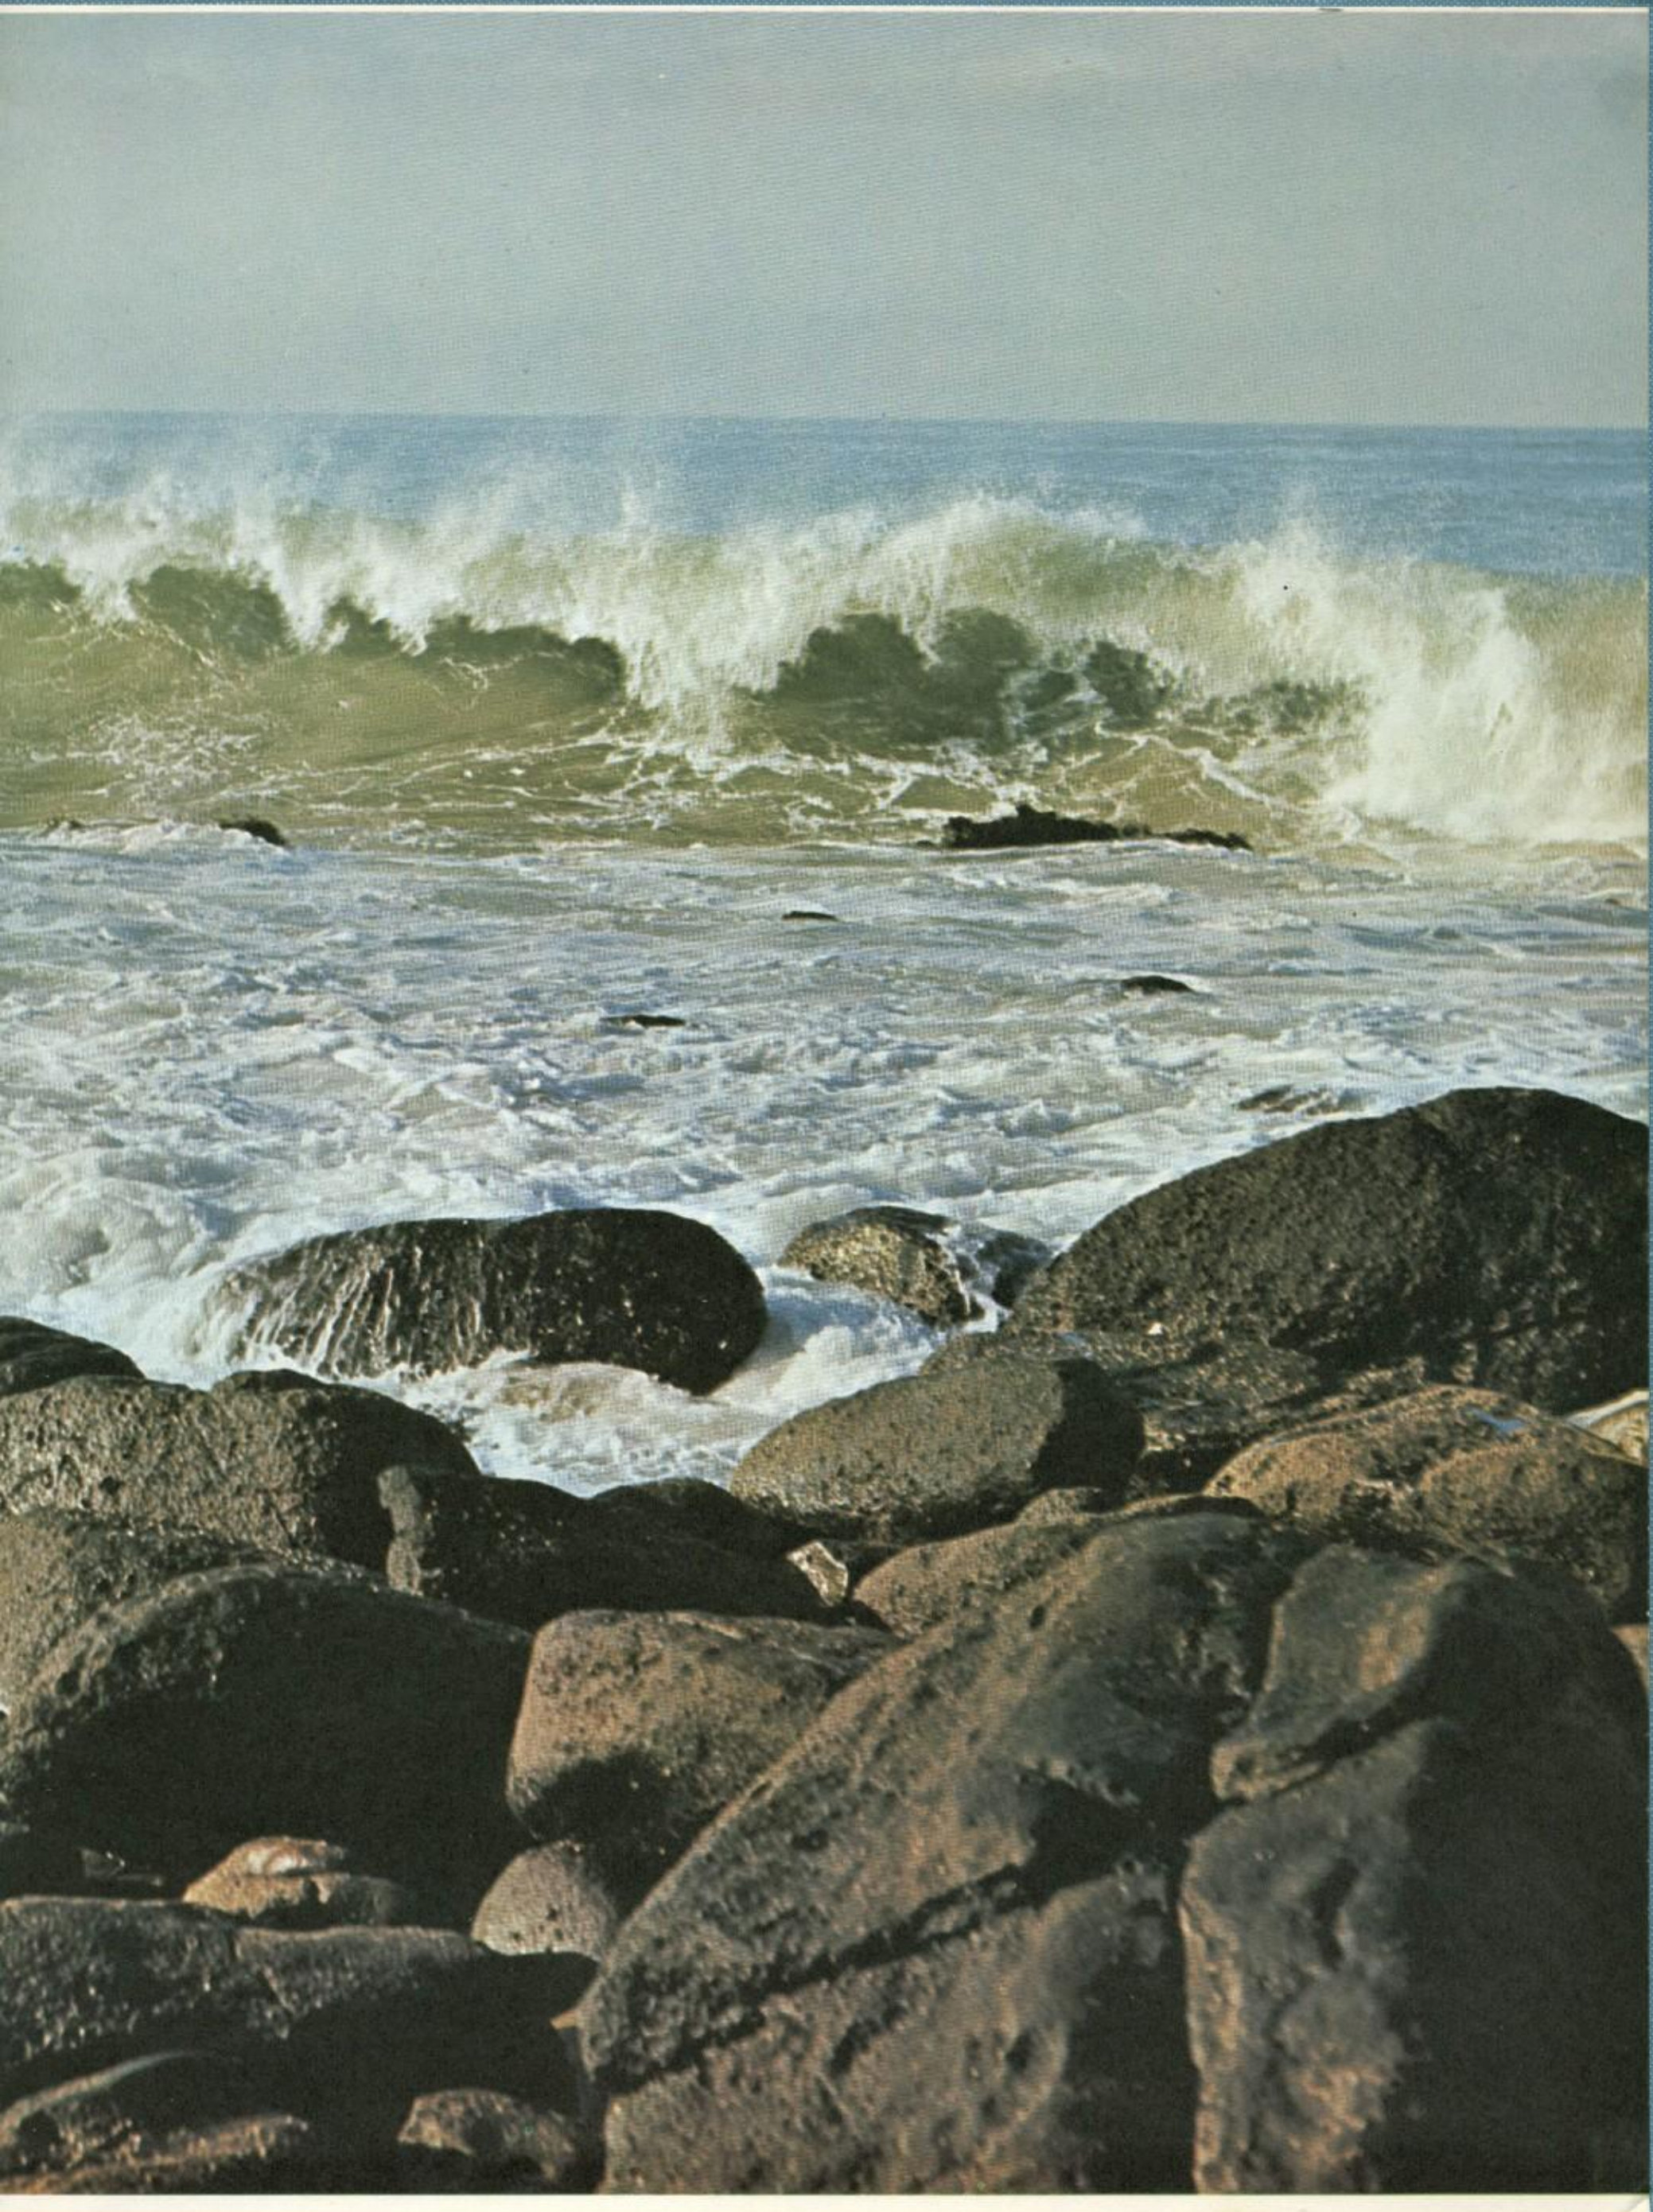
When storm clouds lift again, and Peace breaks though with
blinding brilliance
We shall not forget the price you paid:
The greatest gift a man can give his country;
Your life, in bud, unbloomed, still wet with morning dew;
Never to taste the warmth of noonday sun.

We, the VOYAGER '68 Editors, would like to express our sincere gratitude and appreciation to those people who have in any way contributed their services in making this yearbook a reality--

Mr. Charles Burton, yearbook advisor, for his devoted services and guidance.

Mr. Richard Tewell, '68 class advisor, for his guidance during the past four years.

Jim Ellegood, Ken Pelo, Nick Cittadino, Charlie Grasso, Phil Colcott, Tom Bray, Steve Williams, Scott Benjamin, and special thanks to Mr. John Beekman for their many hours of work spent on photography.




The teachers and Administration for cooperation and patience during the year.
